

Enrichment Day

Dear St. Thomas Parents,

It has become a tradition to have an Enrichment Day during Catholic Schools' Week. Enrichment Day is an opportunity to share hobbies, interests or job experiences with the students at the school. The day is structured into twenty minute workshops. The students have an opportunity to participate in six workshops during the day. This is an Early Release Day. Workshops will begin at 9:00 AM. The workshops can include an art or craft project, teaching the students a skill (dancing), cooking or sharing job experiences (photographer, fireperson).

We need adults to conduct the workshops as well as assist presenters. If you are interested in conducting a workshop and need an idea, we can supply you with one and materials to conduct the workshop.

Please complete the form below and return it to school. Thank you for volunteering for this project!

_____ I am available to present workshops on _____

for Enrichment Day. Number of students per session: _____

Please circle age preference for workshops: Pre-K - 6 Pre - K - 3 4 - 6

I am available to assist on Enrichment Day: _____

Name _____ Phone _____
